OUR NEW PREMISES IN LÜBECK

INTERNATIONAL HUB

Excellent connections

With our headquarters in Lübeck, Europatrans is ideally located for transports via ferry to and from Scandinavia, Russia and the Baltic States. With long-standing and close connections to all major Baltic ferry companies, we are able to offer excellent transport connections and are in a perfect position to service our customers as international hub.

PERFECT LOCATION

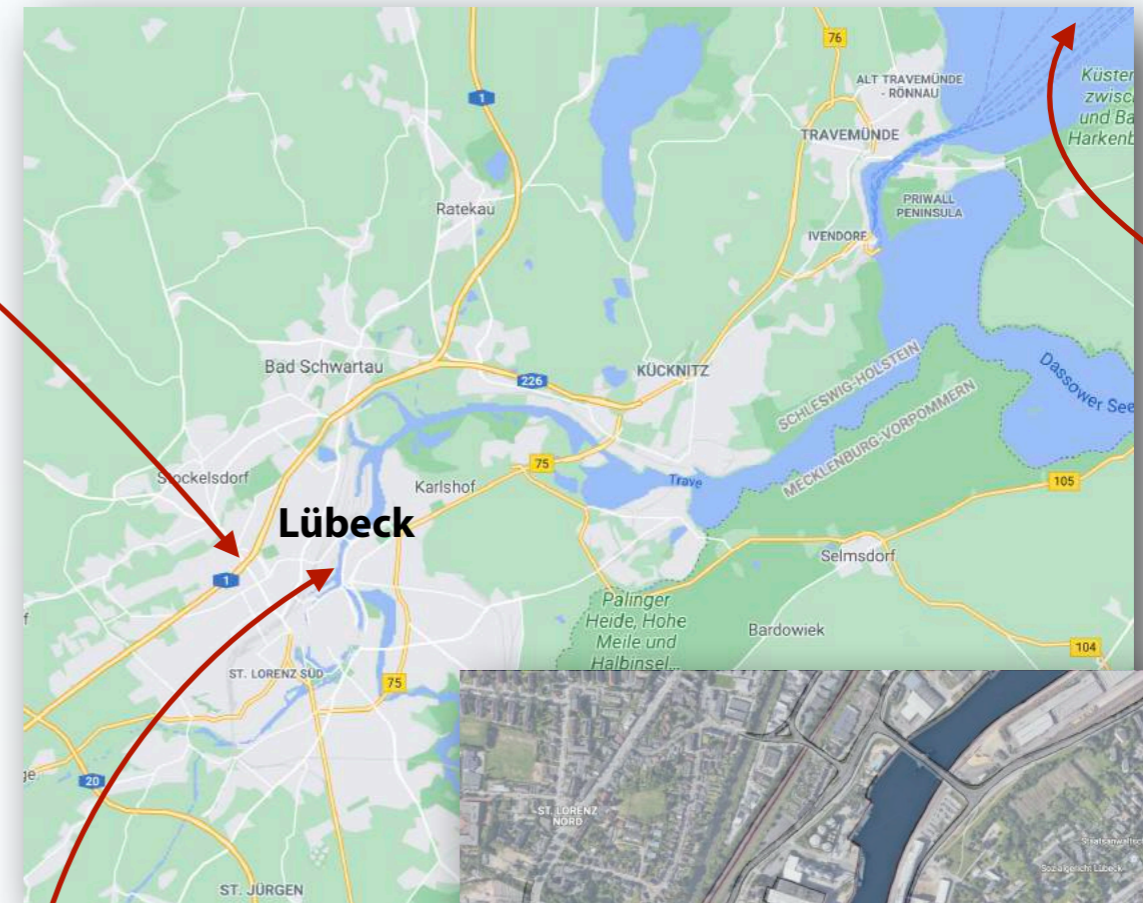

In the heart of Lübeck

Just a few minutes away from the main industrial part of the Baltic port of Lübeck and close to the A1, one of Germany's major highways, Europatrans is located right in the heart of the city. At our premises, we have plenty of storage capacity.

Europatrans

LARGE STORAGE AREA

45,000 sqm of storage space

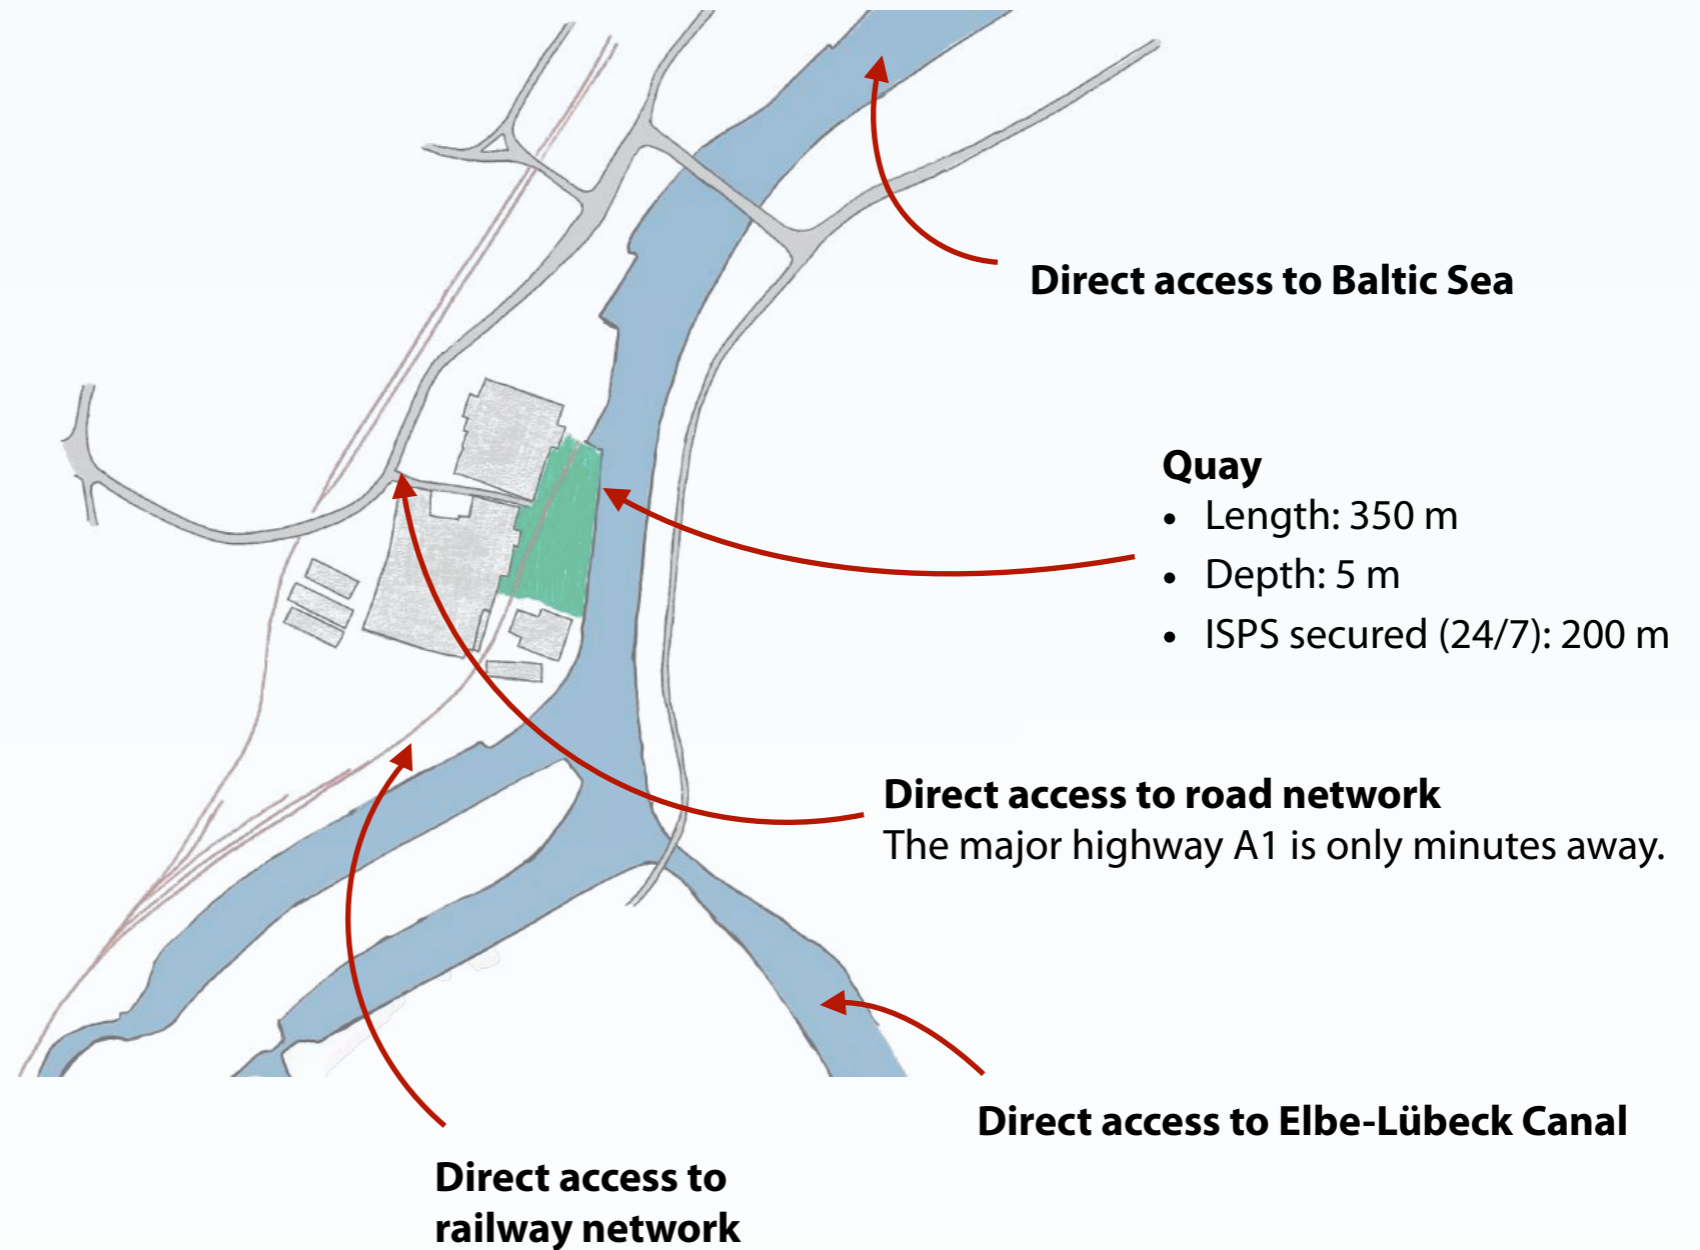

We are able to store a large variety of different goods at our premises, which also offer multimodal transport opportunities. The outside storage area amounts to around 35,000 sqm. In addition, there are about 10,000 sqm of covered storage area. The cranes inside the halls can lift up to 140 tons.

MULTIMODAL OPPORTUNITIES

Direct access to road, rail and waterways

Europatrans' premises are directly connected to the waterway, rail and road network. Equipped with a 350-meter quay, we can offer the comprehensive services of a multimodal hub. In addition, we have a stationary port crane and mobile cranes available.
